Kurt

Seating Booths

Kurt Booths*

Kurt brings a new dimension to the seating booth...

Creating another new workspace for the agile working environment, Kurt provides an interesting and inspiring new space for working or meeting in the workplace.

The softer, welcoming sofa units create a relaxing and comfortable place to be, while the semi-transparent, 'voile' curtains surrounding the sofa units provide a degree of privacy, while still maintaining a visual and acoustic connection with the workspace.

*SMART WORKSPACES

Kurt

One person seating booth

A one-person booth provides a personal retreat, a shelter against the potential storm of distractions within the modern workplace, without a complete separation from the energy, power and vibrancy of the workspace. A comfortable, pleasurable and rewarding experience for your eyes, your body and for your levels of concentration.

Kurt

Two person seating booth

Kurt seating booths offer a surprisingly spacious soft seating option for your workspace. Being able to maintain an acoustic and visual connection avoids the slightly claustrophobic feel that can exist with some other seating booths. Deliberately light in composition, Kurt has been designed to be a seating booth with a more relaxed, open feel, while maintaining a strong, but simple design structure and style.

Kurt

Four person seating booth

Kurt vertical supports are crafted from polished plywood, faced with Nano-technology matt laminate in black or white as standard, with black bracing rails. Vertical supports are fitted with height levellers to accomodate uneven floors, while the curtains are available in a range of high spec 'voile' fabrics.

Kurt

Six person seating booth

Kurt tables are 'free-standing' and are available with a black frame and with standard MFC finishes or a black or white nano-technology laminate top surface, on a polished ply core with a beautiful softly chamfered edge detail. An option for other laminate finishes is available.

Kurt

It's all in the detail

The highly gathered surrounding curtains and the gentle curves of the sofas bring a softer, less formal feel to the seating booth, while the option of lighting, tables and power, provides a fabulous and unique discussion, meeting or presentation space.
